

HarkerBIO LLC to Cease Operations

BUFFALO, New York, April 5, 2019 – HarkerBIO, LLC, a contract research company located on the Buffalo Niagara Medical Campus, announced today that it will cease operations.

According to a statement released by the company: “Despite our best efforts, HarkerBIO is not able to continue operations. The initial results the company was able to achieve simply have not been sustained, and are not sufficient to support operations. We did not come to this decision lightly. We are proud of the work that has been done by our many committed and talented employees, and we appreciate the business and research partnerships HarkerBIO developed over its history. We regret any financial impacts this decision may have on HarkerBIO’s employees, vendors and business partners, and we thank them for their patience as we work to wind down the company in a timely and efficient manner.”

HarkerBIO employees were informed of the decision today.
